

Number of Management System Certifications - As of December 31, 2024

May, 2025
Japan Accreditation Board

- This table shows the results of a questionnaire survey conducted in December 2024 on the number of certifications (located in Japan) by management system certification bodies operating in Japan, and the JAB has compiled and analyzed the results independently.

- The number in the "by JAB" column is the number of certifications within the scope of JAB accreditation (regardless of the presence of the JAB accreditation symbol on the certification documents).

- Unauthorized reproduction, reprinting, quotation for commercial purposes, or utilization of all or part of this table shall be strictly prohibited.
