

# Number of Management System Certifications - As of December 31, 2022

June, 2023

Japan Accreditation Board

- This table shows the results of a questionnaire survey conducted in January 2023 on the number of certifications (located in Japan) by management system certification bodies operating in Japan, and the JAB has compiled and analyzed the results independently.

- The number in the "by JAB" column is the number of certifications within the scope of JAB accreditation (regardless of the presence of the JAB accreditation symbol on the certification documents).
